Do you have an interest in developing your leadership abilities within NRH?

If so, contact your manager today!

The Northern Leadership Academy offers leadership development with a primary focus on "growing our own".

-  Participants will have exposure to local, state, and federal legislators along with local business leaders.
-  Visit NC and American Hospital Associations through trips to Raleigh and Washington, D.C.
-  Weekly educational sessions and mentorship with NRH Leadership team.

" I was provided an excellent mentor through the program. I place immense value on our weekly discussions that extensively covered the inner workings of NRH. I would strongly recommend the program to anyone who is committed to NRH and has aspirations of emerging as a lifelong leader. "

Mitchell Welborn, PharmD

"Being chosen for the Leadership Academy, gave me an opportunity to work closely with current Northern leaders and to better see how the organization runs/operates. Now being in the role of a leader within the organization, I feel the NLA helped prepare me for my current role."

Keith Moser, LPN

Purpose

-  Identify and foster emerging leaders within NRH.
-  Encourage emerging leaders to reach their full potential to meet the greater organizational mission.
-  Provide unique leadership learning opportunities.
